war (left) demonstrates the other
virtues of the modern, but good
and! Color scheme, writing, story
and group.

From the Current Pictures

Top center: Betty Hutton, with Gordon Harker
and Michael Morgan, in "My Old Dutch."

Top right: Joan Fontaine and Philip D'Neve in
"Garden."

Immediate right: Greta Garbo's "Wendy Hearn
in "It's a Boy."

Second to right: Anne Shirley in "Anne of Green
Gables."

Bottom right at center: Joe Penner, Lydia Burrell
and Jack Carter in "College Rhythms."

Lower right: Barbara Stanwyck and Philip Reed
in "A Lost Lady."

(The screens are shown and angles.)

A Mansey Harrold London

Theresa didn't duck as much as "The Shining Hour" (Keith Wynn's recent play) when its own supposed Mansey gave it a would promote short, preceding George Cooper and his wife, Adrienne Allen, in the cast.

For 1133 several weeks in New York, and now London, is finding it very acceptable. Queen Mary and Princess Elizabeth attended the performance shortly before the Royal Wedding. Mansey is the only Canadian actor-manager in London. He is now only playing the male part in "The Shining Hour," but spends his daylight hours "making pictures." His next screen appearance will be in "The Scarlet Pimpernel." Born in Toronto, educated at Appleton School, the University of Toronto and Ricks College, Ontario, a brother of the late Vincent Mansey, he produced his first play as a Canadian at this club.

Radio Belle

One of the most of Canadian air waves, Billie Bell has sung her way from church choir to vocal concert in night club to radio. Her name is a better wonder in a record sale equally well. A sister of Artie O'Connell, she sang first at the church choir at the age of ten. Graduated to choropleth, red-headed at married twenty years Canada and the United States, sang at radio, in a Chicago night club and then came home to her old study. Did her first radio program in 1923. Her club career is now one of the features of Gypsy and Romance and Fountains Highlights. Always wears blue in the studio and in her program, wearing dress blue, hair complexion and china blue eyes. Is an ardent baseball and hockey fan. Does on radio, her thoughtful Sony (see photo).

—From The New Yorker Magazine
Let's See Which Way We're Going

..AFTER THE MOST RAPID SALES
GAIN MADE BY ANY AUTOMOBILE

HUDSON ANNOUNCES TWO NEW CARS

A new **HUDSON 6**.. *The greater—* **HUDSON 8**

—WITH THE  ELECTRIC HAND®

PRICED JUST ABOVE THE LOWEST

NO CAR is "finer" or "greater" except by comparison with some other car. And we introduce the entirely new Hudson Six and greater Hudson Eight with the hope that 1935 buyers will compare more carefully than ever before.

Compare these new cars, first, with the Hondas of last year. Cars that climbed more rapidly in public favor than any other automobile last. Cars that 5 out of every 6 Honda buyers chose after riding in and driving competing makes. This year, Honda gives you a remarkable new Sta, and more of everything you want in an Eight.

Then compare other 1925 cars with the new Hudson. You will find many that follow the style design introduced and popularized by Hudson in 1924. You will find none, we sincerely believe, that brings you so many sound and desirable improvements, following a year of such notable success.

Facts To Help You Compare and Decide

***Picks About Style:** Langes, lower bodies—wearing prop-
rietary Langeskin over at the new—washed spare (er-
len mid-winter) over academic. All the best, a gently
unwashed and clean—washed around the house. (Specially pro-
prietary and fashion) of Pina L, which, for all

***Facts About Bealtes:** Fine construction and built-in strength make the ribs reinforced by patented steel-ribs, line and sew over the roof. Line with late style side seats—room for three of you. Great on back. More by name. Backless panoramic ventilation...fully adjustable windshield. Newer upholstery scheme—something new in B.F.s, too. Built-to-Please price available in all models.

* **Facts About Molobren:**—Based-breaking performance made greater gasoline purchases—50 and 100 hp. in the 154, 144 and 144 hp. in the Rights. A compressor that runs only from power in gear. And diesel oil economy. Even Italian's patented and radical re-charge system.

*** FACTS ABOUT BURNERS:** Emergency single-burner stoves—they're all portable, snap together with Heston's own locking system—Double-Fitstop Emergency Stoves. Equal protection to all food kinds: Smoke alarms, whether you touch the public lighter or simply use it. Use Heston as a chair, even get Heston the new, 5th ed. copy.

[illegible]

*** Folds About Models:** One chair of study (approx. 50" x 14" back wheels); Eight up to 120 inch wheels
Cushion and wheels available with trunks

INTERESTING 4-GENERATION FAMILY

1st generation—Mrs. J. F. Green, right
2nd generation—Mrs. C. R. Weirich, left
3rd generation—Mrs. W. G. Poole, center
4th generation—Buddy and Nancy Poole, front
Natural color photographs, unretouched

Triple generation 14 MONTHS OLD washed successfully with Chipso.

Printed suite Chipso washed for 1 YEAR.

YEAR-OLD suit once weekly Chipso-washed.

Printed blouse washed with Chipso for 3 YEARS.

Printed percale washed every week with Chipso during 3 SCHOOL YEARS.

"ONE SOAP SAFE FOR EVERYTHING

—and it's quick as scat on dirt," says grandmother Weirich.

"I was the one who found Chipso for this

family," Mrs. Weirich tells proudly. "I showed both my daughter and my mother how white it gets the clothes without hard rubbing and yet how marvelously it preserves colors and takes care of the finer things in the wash. As soon as I used Chipso for dishes and saw how it saved my hands, I knew that Chipso is a finer soap. Chipso makes wonderful, rich suds that soak dirt loose in 15 minutes or less."

"NO HARD RUBBING,"

three mothers agree. "What a stack of men's underwear, towels, sheets and table linen Chipso soaks snowy white and sweet for us each week!" exclaims Mrs. Weirich.

"Yet Chipso's just as wonderful for my nice things and for the children's colored clothes," chimes in Mrs. Poole.

"Well I'm 80 years old," smiles Mrs. Green, "but I can tackle a wash if I need to—with Chipso. You don't have to boil the clothes or do any hard rubbing!"

Chipso
makes washday
Easier
IN
THIS HOUSEHOLD OF
4 generations

MADE IN CANADA

Chipso
makes clothes
wear longer

LESS MENDING . . . MORE LEISURE

when dirty little suits and play frocks are soaked bright and clean in Chipso's thick, safe suds. Chipso is not adulterated with harsh "dirt-cutting" ingredients or artificial bleaches. Chipso is fine, rich soap. It gently dissolves grease and loosens dirt quickly with creamy, SOAPIER suds.

YOUR HANDS STAY SMOOTH

when you do your dishwashing with Chipso. This shows you why Chipso is safe for your clothes. There is nothing harsh in Chipso. And you'll be amazed at how long your big, low-priced box of Chipso lasts for dishwashing. Chipso is rich — it makes suds that foam three inches deep in your pan until the last dirty dish is sparkling clean.
